INDEPENDENCE DAY

15TH AUGUST 2024

On 15th August, the flag hoisting used to take place at the college at 7 AM. After that, to spread awareness about the government's initiative, the "Har Ghar Tiranga" campaign, all the students and staff together organized a bike rally. There were a total of 50 participants in the rally. Local leaders and volunteers actively supported the event, making it a grand success and reinforcing the spirit of nationalism and community togetherness

INDUCTION PROGRAM

12,13,14, SEPTEMBER 2024

M.S.B.T.P. KARAD
SMT. PREMALATAI CHAVAN POLYTECHNIC KARAD
Academic Year-2024-2025
First Year- Induction Training Programme
12,13,14 September 2024

INDUCTION PROGRAM-2024

The Induction Program for first-year newly admitted students aims to welcome and acclimate them to campus life. It includes sessions on academic expectations, campus facilities, student services, and extracurricular activities. The program also fosters interaction with faculty, senior students, and peers, helping newcomers build connections and confidence for a successful journey ahead.

Dr. Sharmishtha K. Garud, Addressing the students

Mr. Amol Krishnat Phalle, Police Constable, DYSP Office, Karad. and Speaker from "Nirbhaya Pathak" Addressing Students

STRESS MANAGEMENT

A guest lecture on stress management was organized for students, featuring Dr. Sharmishtha K. Garud, an expert in mental health and well-being. Dr. Garud shared valuable insights on identifying stress triggers, effective coping strategies, and maintaining mental balance. Her interactive session helped students understand the importance of stress management techniques for academic and personal success.

TEACHERS DAY

05 SEPTEMBER
2024

Teachers play an indispensable role in shaping the minds and futures of generations. In India, this contribution is recognized and celebrated annually on Teachers' Day, a day dedicated to honoring educators across the country. Teachers' Day in India is celebrated on September 5th every year, a date that holds special significance as it marks the birth anniversary of Dr. Sarvepalli Radhakrishnan. Dr. Radhakrishnan was not only the second President of India but also one of the country's most revered scholars and educators. His contributions to education and his belief in the power of teaching have left an incredible mark on Indian society.

Felicitating Hon. Principal Mr. Swagat Kinikar Sir, and Head of Electrical Engineering Department, Mrs. Kumbhar A.T.Madam

CELEBRATING TEACHERS DAY

On the occasion of teachers day, students organized special lectures to honor their teachers and celebrate the spirit of education.

Students organized an event on the occasion of Teachers Day

SAHAJYOG WORKSHOP

20 SEPTEMBER
2024

SAHAJ YOG WORKSHOP-2024

A Sahaj Yoga workshop was organized to promote mental well-being, relaxation, and spiritual growth among students and staff. The workshop focused on meditation techniques, breath control, and self-awareness practices that help reduce stress and enhance inner peace. Led by experienced practitioners, it provided participants with valuable tools for maintaining mental and emotional balance in daily life.

SAHAJ YOG ACTIVITY for Staff - 2024

Sahaj Yoga is a spiritual practice that aims to achieve mental peace, self-realization, and inner balance through meditation. Developed by Shri Mataji Nirmala Devi, it focuses on awakening the Kundalini energy, believed to reside at the base of the spine, and allowing it to rise through the chakras to achieve a state of thoughtless awareness.

ENGINEER'S DAY

15 SEPTEMBER
2024

ENGINEER'S DAY-2024

Engineers' Day is celebrated in India on September 15th to honor the birth anniversary of Sir Mokshagundam Visvesvaraya. Visvesvaraya was a civil engineer, scholar, and statesman who made significant contributions to the fields of irrigation, hydroelectric power, and public health. The day recognizes the significant contributions of engineers in shaping infrastructure, technology, and innovation. Various events, including workshops, seminars, and exhibitions, are organized to celebrate their work and inspire future generations of engineers to drive progress and development.

KNOWLEDGE WARS - 2024

On the occasion of Engineers' Day, the Department of Mechanical Engineering organized an interdepartmental quiz competition, Knowledge Wars. The event saw enthusiastic participation from students across various departments, testing their knowledge on engineering concepts, innovations, and history. The competition fostered a spirit of learning and collaboration while celebrating the contributions of engineers to society and technology.
